

NATSUKI SHUKO

Frontend Web Developer

PROFILE

I am a self-motivated Front-End Developer with a passion for creating beautiful and functional websites. My technical skills include proficiency in HTML5/CSS and JavaScript. I also have experience with popular Front-End frameworks such as ReactJS. I am always eager to take on new challenges to grow my skills.

PROJECTS

[DICTIONARY APP](#)

Using ReactJS, HTML5/CSS and this App is a responsive, mobile-friendly design. The app accesses data from the dictionaryapi.dev API for definitions and displays images used by Pexel's API to make related. For the Phonetics used, it utilized the built-in audio component to play.

[TIMEZONE APP](#)

Built a mobile user-friendly design with HTML5/CSS and JavaScript. Using MomentJS to help parse, validate, manipulate and display date/time in JavaScript, then with setInterval to execute the current time.

[WEATHER APP](#)

Using ReactJS, HTML5/CSS and Responsive designed for the mobile user. And utilizes live location-based weather data from Open weather API accessed using Axios. This App includes animated weather icons.
